

I am writing to provide a reference for Diane Simon, in support of her hippotherapy and speech therapy services. My son who is now 14, began working with her when he was 4 years old and we used her for both speech and hippotherapy for 9 years in Georgia when she moved to New Jersey. It was a sad day when she left, as she is the most talented therapist we've ever worked with! My son is autistic and has a very severe speech disorder.

She is creative, communicative with parents, and effective with her students. She also has an amazing ability to work with animals to bring out the best in people. I recommend her without reservation of any kind. I only wish she would move back to Georgia so we could keep using her. Please feel free to reach out if you need more information.

Diane,

Please try your best to stay in touch,

And please remember this—

You'll always be remembered here,

And you'll be deeply missed.

How do we even begin to express our gratitude? To say you've had an impact on our lives is an understatement! You've taught ~~me~~ so much!

He went from having no sounds - couldn't say "b", "m", "p" or even his name + now he never is quiet! He wouldn't eat any new foods + now he eats everything!

He couldn't understand us + now he is able to participate in our conversations.

-2-

It is not an understatement to say that you've given us our son in so many ways + you've transformed our lives as a family.

Thank you for giving us this gift and for always encouraging us when progress seemed impossible.

We will miss you dearly + we wish you every happiness + success in New Jersey.

Forever grateful.
